

New-Indy Catawba LLC  
Catawba, South Carolina  
Public Notification of Planned Activity

---

**Public Notification of Planned Activity**  
**September 23, 2021**  
**(Update to September 17<sup>th</sup> Notification)**

In accordance with Paragraph 1 of the South Carolina Department of Health and Environmental Control (“DHEC”) Order dated May 7, 2021 and New-Indy Catawba LLC’s (“New-Indy”) Public Notification Plan dated May 17, 2021, New-Indy presents the following Public Notification.

**Description of Planned Activity:**

New-Indy is planning to conduct routine maintenance of the steam stripper and associated heat exchangers to remove scaling and fouling. That maintenance will include, among other things, the cleaning of the following areas:

- Reboiler
- Stripper Column
- Stripper Column Trays
- Spiral Heat Exchangers (2 or 3, depending on condition)

During this maintenance period, the steam stripper will be removed from operation. New-Indy has taken steps recommended by consultants and installed a condensate monitoring system to proactively mitigate and take all steps necessary to control the generation and release of H<sub>2</sub>S.

**Purpose of Planned Activity:**

To restore stripping capacity and improve reliability.

**Date of Planned Activity:**

This activity was expected to commence on September 18, 2021 and continue until September 26, 2021. New-Indy continues to improve the process to monitor foul condensate, which resulted in the commencement of this activity being postponed until September 22, 2021, projected to continue through September 30, 2021.

**Contact Information:**

New-Indy may be reached at [catawba.info@new-indycb.com](mailto:catawba.info@new-indycb.com) concerning this activity.
