

New-Indy Catawba LLC
Catawba, South Carolina

Public Notification of Downtime Activity: COMPLETE
May 07, 2023

In accordance with Paragraph 1 of Appendix “A” of the US Environmental Protection Agency (“EPA”) Consent Decree dated November 16, 2022 (Civil No. 0:21-cv-02053-SAL), and New-Indy Catawba LLC’s (“New-Indy”) Public Notification Plan dated May 17, 2021, New-Indy presents the following Public Notification.

Description of Planned Activity:

The steam stripper shall be taken down for necessary repairs.

PLANNED

UNPLANNED

Purpose of Activity:

This planned downtime activity was in conjunction with the Catawba Mill’s Annual Outage event where mill Operations were shut down for annual maintenance/repair/inspection activities. As foul condensate generating processes were shut down for this Annual Outage, the Stripper was taken offline accordingly. Throughout this event, the wastewater treatment facility remained fully operational. During startup and shutdown periods where condensates are being generated, New-Indy has maintained the condensate monitoring and pretreatment system to proactively mitigate and take all steps necessary to minimize any potential release of hydrogen sulfide. The actual startup date/time was delayed due to an unexpected but necessary extension of the annual mill outage event.

Activity Status:

Start of downtime	<i>April 23, 2023, 5:00 pm</i>
Duration	<i>12 days - 0 hours - 45 minutes, (Startup on May 06, 2023, 5:45 pm)</i>

Contact Information:

New-Indy may be reached at catawba.info@new-indycb.com concerning this activity.
